NANKING PROTESTS AMERICAN WARSHIPS

Exaggerates Firing and Asks Apology and Punishment of "Guilty" Officers.

PART OF NEW CAMPAIGN

Propaganda Is Resumed and Firing on Foreign Ships in the Yangtze River Is Revived.

By FREDERICK MOORE. Copyright, 1927, by The New York Times Company.

SHANGHAI, May 12.—The Nanking Government, in an effort to get the foreign warships out of the Yangtze River, is conducting a political and newspaper campaign while attacks upon foreign vessels have been revived.

This morning the American destroyer Edsall was fired on by rifles from the south bank near Nanking and retaliated with machine guns. The Edsall did not report casualties or damages, nor the effect of the counter-fire.

Kuo Tai-chi, Commissioner of Foreign Affairs, acting, he states, under instructions from Chiang Kai-shek and other military commanders, has been protesting for the past month to the British, Japanese and American Consulates against airship, military and naval incidents.

The Chinese Cincinnati was attacked from the Wulung-kiang Fort on April 16. The Cincinnati reported that the fort fired heavily and persistently with rifles and machine guns, whereupon the Cincinnati replied with machine guns and shells, after which the fort ceased firing.

Asked Punishment of Officers. Kuo Tai-chi demanded an apology, severe punishment of the "guilty officers" and a guarantee to refrain from unwarranted assaults.

The protest Admiral Williams replied to Kuo Tai-chi that no American vessel fired on any Chinese first and will not fire first in the future, but will always defend itself if attacked and he asked that definite steps be taken to terminate such attacks.

General Reports Attacks. In the past week daily articles have appeared in the local Chinese press, whose editors, fearing punishment, would not dare publish them without military approval.

I have a telegram dated the 6th instant from the executive department of the First Division of the American Army, announcing that the American imperialists who are conducting a gunboat policy brought about tragedies on April 25 and May 1.

150 LONDON POLICE RAID SOVIET AGENCY

Continued from Page 1, Column 1.

had to submit themselves to a thorough search. The crowd of onlookers in the street could see the dramatic scene through the Arcos windows, the employees with their arms uplifted being searched.

Soon after the police began operations in the Arcos Building, an interested spectator watching from a window on the opposite side of the street reported that in one of the offices on the third floor papers were being hastily torn up.

The offices of Arcos, Ltd., and the Soviet Trade Delegation occupy a five-story building which the Soviet Government acquired six years ago for nearly \$1,500,000 and which for ratable purposes is one of the highest assessed blocks of offices in the City of London.

Arcos, Ltd., controls the activities of about a dozen Russian State trading concerns in Britain. The Soviet Trade Delegation exists under the operating clauses of the Anglo-Russian Trade Agreement of 1921.

The Scotland Yard men were reinforced by sixty uniformed policemen, who surrounded a five-story building, and no one was permitted to enter or depart without permission.

Other Soviet Buildings Unmolested. At midnight many of the offices were ablaze with electric lights, with the curtains drawn, but police darning about and there behind them, their shadows visible from the streets.

19 CATHOLICS FLEE FOR LIVES IN HUNAN

Three Are Women and All Are Americans, Except One Canadian and One Dutchman.

GRAVE ANXIETY FOR THEM

They Are Believed to Be Heading Through Bitterly Hostile Area for Refuge in Indo-China.

Copyright, 1927, by The New York Times Company. Special Cable to THE NEW YORK TIMES.

HANKOW, May 12.—Fear is expressed here for the safety of nineteen Catholic missionaries, including three women, all of whom are Americans, except one Canadian and one Dutchman, who are fleeing for their lives from scattered posts throughout Western Hunan.

The women are Sisters Clarissa Statt Miller, Florence Sullivan, and Rose Hurley of St. Joseph's, Pittsburgh, Pa. The Canadian is Father Cuthbert O'Hara of Toronto. The Dutchman is the Rev. Brother Lambert of Rotterdam and the American fathers are: The Right Rev. Bishop Dominic Langenbacher of Pittsburgh, the Rev. A. O. Purcell of Union City, N. J., Basil Baue of Sharon, Pa., Clement Seybold of Dunkirk, N. Y., Constantine Leech of Pittsburgh, Pa., Ernest Cunningham of Cambridge, Mass., Gregory McEttrick of Columbus, Ohio; Jeremiah McNamara of Philadelphia; Paul Ublinger of Pittsburgh; Quentin O'Brien of New York; and Terence of Philadelphia; Terence Connelly of Woburn, Mass.; Timothy McDermott of Pittsburgh and Theophane McGuire of Philadelphia.

Fathers Arthur Benson and Flavian Mullins, the former of Pittsburgh and the latter of New York, are reported to be in Hankow while ten other Passionist priests are safe in Shanghai, as well as five Sisters of Charity from a convent station in New Jersey.

Hunan Turns Anarchistic. Word of the anarchistic conditions in Hunan which forced the fathers and sisters to flee was received through delayed letters, and from a Chinese pastor who has just arrived from Shenchow-fu. He reports the looting and the confiscation of the entire mission's properties throughout Western Hunan, which are located in numerous small cities, being chiefly mission homes and the houses for missionaries.

The Catholics are probably all fleeing toward Kweichow, seeking sanctuary in Indo-China. This flight is over a hilly, barren country, hot and hostile regions, not far from the Chinese Canadian missionary and his small boy were killed and an American girl captured by bandits in Yunnan.

SIBERIAN CENSUS A TASK. Agents Travel 4,400 Miles to Enumerate 1,500 Tribesfolk.

NOVOSIBIRSK, Russia, May 12.—Census-taking in the vast, desolate regions of Siberia, now going on, is a man-size job. The only means of travel is by foot or horse in Summer and by reindeer or dog teams in the Winter.

Bishop Lays Stone for Nurses' Home. The Right Rev. Edwin S. Lines, Bishop of the Protestant Episcopal Diocese of Newark, laid yesterday the cornerstone of the new Nurses' Home of Christ Hospital, at Palisade and Beacon Avenues, Newark, opposite the hospital. He was assisted by the Rev. Michael J. O'Connell, rector of the church of the hospital, and the Rev. Thomas A. Hyde, chaplain and Superintendent. The speakers were H. O'Connell, rector of the church of the hospital; Mrs. Wittmann, Chairman of the Women's Division; former Congressman Marshall and Winkle and Dr. Gordon H. Dickinson.

Can't Get Word From Them. There is no telegraphic communication possible, hence word from the fleeing Fathers and Sisters is most meagre and none whatever since a letter dated April 26 just received stating that the mission at Shenchow-fu, which is the last of the Sisters, has been forced to close, the Sisters and the others fleeing southward immediately.

CHINESE CIVIL WAR IS SAFE AND POLITE. By WALTER DURANTY. Continued from Page 1, Column 3.

the train was warned he would be shot if he did not distribute it gratis. Foreign residents in the headquarters town and the near-by country insisted that there had been marked improvement since the Mukden army replaced We Pei-fu's six weeks ago.

Move by Feng Reported. Accordingly, the relations between the Red Spears and the Northerners appeared to be good. This morning, however, came news that is perhaps ominous.

Military Situation in Honan. NORTHERN CHINESE FIELD HEADQUARTERS, May 11, via Peking, May 12.—There is fair weather straight ahead after the clearing up of the political fog bank which left a rumble of thunder at the rear—that is the military situation here in Honan as summed up by the Mukdenite Inspector General, Han Lin-chung.

Interview With a General. NORTHERN CHINESE FIELD HEADQUARTERS, May 12 (via Peking May 12)—Interviewing a Chinese General is a curious ceremony. It began in the Western manner, the French-speaking staff Colonel in a khaki uniform fetching the correspondent in a big American auto.

CITY HAS NO MONEY FOR WAR MEMORIAL

\$600,000 Allocations by Hyland Administration Have Been Wiped Out to Economize.

PARK SITE ALSO ABANDONED

Veteran and Gold Star Groups Would Revive Interest—Mayor Failed to Name Committee.

Copyright, 1927, by The New York Times Company. Special Cable to THE NEW YORK TIMES.

The much-discussed project for an adequate World War Memorial in New York City, so far as concerns the City Government, appears to have drifted into the limbo of forgotten things.

A meeting of representatives of civic, fraternal and veteran organizations was held in the Hotel Astor last Wednesday in the hope of reviving interest in the enterprise. At the close of the meeting, Mrs. A. Warren Egan, of 159 West Seventy-eighth Street, Secretary of the Gold Star Association and America's War Mothers, declared that a drive was to be begun in the hope of reviving the interest of the City Government in the project.

Following the presentation of this report, the Hyland Board of Estimate allocated \$300,000 to prepare the ground and build the proposed lagoon and an additional \$300,000 for the proposed Central Park site. The committee reported that it already had about \$300,000 in private subscriptions and pledges.

Money Was Then Allocated. Following the presentation of this report, the Hyland Board of Estimate allocated \$300,000 to prepare the ground and build the proposed lagoon and an additional \$300,000 for the proposed Central Park site. The committee reported that it already had about \$300,000 in private subscriptions and pledges.

Without conclusive action, the matter drifted along. About two months after the advent of the Walker Administration, on March 8, 1926, a public hearing was held in the City Hall. President McKee, who was presiding over the Committee of the Whole of the Board of Estimate, caused the adoption of a resolution authorizing the Mayor to appoint a Committee of Twenty "for the purpose of studying the question of the proposed war memorial, and that said committee should report its recommendations to this board on the proper type of memorial suitable location for its erection and the method of financing the project."

Mayor Didn't Name Committee. Mayor Walker, it was declared in the City Hall yesterday, has not appointed such a committee. Major William Deegan, Chairman of the Veterans War Memorial Committee, has been in consultation with the Mayor and is declared to have taken the position that, if Mayor Walker will name a truly representative committee, the necessary funds for the enterprise can be raised by private subscription.

As the situation now stands, the proposed Central Park site has been virtually abandoned. Many of opposition, and the City Government has revoked the \$600,000 allotment, though "with the exception of the subject to a renewal of the requested appropriation after further consideration of the war memorial project."

As the situation now stands, the proposed Central Park site has been virtually abandoned.
