To his Excellency the GOVERNOR, And the Honorable his Majesty's Council.

The Petition of Richard Clarke & Sons, of Benjamin Faneuil, and Thomas & Elisha Hutchinson.

THAT the Honorable East India Company in London have shipped a considerable quantity of Tea for the Port of Boston, and as your Petitioners are made to understand they are to be delivered to their addresses for sale.

That some of your Petitioners have in consequence of this been cruelly insulted in their persons and property—that they have had incendiary Letters left and thrown into their Houses in the night, That they have been repeatedly attacked by a large body of Men, That at one of the Houses of your Petitioners was assaulted in the night by a tumultuous and riotous Assembly of people & violent attempts made to force the House for the space of two hours that have greatly damaged the same.

That they are threatened in their persons and property, and further with the destruction of the said Tea on its arrival into Port. And that the Resolves and proceedings of the Town at their meetings on the 5th and 18th inst. are intended to be expressive of the general sense of the Town, to which we beg leave to refer your Excellency and the Honorable Board.

Your Petitioners therefore beg leave to resign themselves and their property committed to their care to your Excellency and Honors as the Guardians and protectors of the people, humbly praying that measures may be directed to for the landing and securing the Teas until your Petitioners can be at liberty openly and safely to dispose of the same or until they can receive directions from their Constituents,

At a Council held at the Council Chamber in Boston, upon Friday the 19th Day of November, 1773.

P R E S E N T.

His Excellency *Thomas Hutchinson, Esq;* Governor.
*Isaac Royal, James Bowdoin, James Pitts,
John Erving, Esqs; James Russell, Esq; Samuel Dexter,
William Brattle, James Otis, Esqs;*

HIS Excellency represented to the Council the tumults and disorders prevailing in the Town of Boston and required their advice upon measures proper for preserving the peace and for supporting the authority of Government—whilst the Council were debating on the subject a Petition from Richard Clarke, Benjamin Faneuil and Messrs. Thomas and Elisha Hutchinson to the Governor and Council was presented setting forth, that the honorable East India Company in London have shipped a considerable quantity of Tea for the Port of Boston which they are made to understand will be delivered to their addresses for sale, and that some of them have in consequence of this been cruelly insulted in their persons and property; they therefore beg leave to resign themselves and the property committed to their care to the Governor and Council as the Guardians and protectors of the people, and pray that measures may be directed to for the landing and securing the Teas until they can be at liberty openly and safely to dispose of the same, or until they can receive directions from their Constituents—After long debate it was proposed and agreed that his Excellency be desired to appoint a future day for the Council to sit, and he appointed Tuesday the 23d instant, and the Council adjourned the further consideration to that time accordingly.

TUESDAY, No. 1 Present in Council
Nov. 23d, 1773.

His Excellency *Thomas Hutchinson, Esq;* Governor.
*Isaac Royal, Esq; James Bowdoin, James Pitts,
John Erving, Esqs; James Russell, Esq; Samuel Dexter,
William Brattle, James Otis, Esqs;* (Esqs.)

HIS Excellency directed the Council to proceed in the consideration of the Petition of Richard Clarke & others as entered the 19th instant for the preceding Petition was at this Time received,

which purpose he had ordered them to sit at this time, and a debate being had thereon it was moved to his Excellency that the Council might sit on a future day, there being only a bare quorum present, to which his Excellency agreed—and it was advised that all those members of the Council who live within 40 miles of the Town of Boston be summoned then to attend, which was done accordingly to meet on Saturday the 27th instant.

SATURDAY, No. 2 Present in Council,
Nov. 27, 1773.

His Excellency *Thomas Hutchinson, Esq;* Governor.
*Samuel Danforth, James Russell, James Humphrey,
Isaac Royal, James Pitts, Esqs; Artemus Ward,
John Erving, Esq; Samuel Dexter, John Winthrop,
James Bowdoin, George Leonard, (Esqs.)*

HIS Excellency after representing to the Council the disorders prevailing in the Town of Boston, recommended to them to proceed on the Petition of Richard Clarke and others relative to those disorders, and required their advice—After long debate it was moved to his Excellency that a Committee of Council be appointed to prepare the result of said debate to be laid before his Excellency, to which he consented, and James Bowdoin, Samuel Dexter and John Winthrop, Esqs; were appointed accordingly—Mr. Bowdoin made report, which was considered and debated by the Council, and it was moved to his Excellency that he would adjourn the Council to a future day for further consideration, and he appointed Monday the 29th for that purpose.

MONDAY, No. 3 Present in Council
Nov. 29, 1773

His Excellency *Thomas Hutchinson, Esq;* Governor.
*Samuel Danforth, James Bowdoin, George Leonard,
Isaac Royal, Esqs; James Russell, Esq; Artemus Ward, Esq;
John Erving, James Pitts, John Winthrop,
Samuel Dexter,*

HIS Excellency directed that the Council proceed upon the business for which it stands adjourned—After debate upon the report of the Committee, the Question, whether it be accepted, was put, and it passed unanimously in the affirmative, as the advice of Council to his Excellency, in the words following, viz.

“Previous to the consideration of the Petition before the Board they would make a few observations occasioned by the subject of it. The situation of things between Great-Britain and the Colonies has been for some years past very unhappy. Parliament on the one hand has been taxing the Colonies, and they, on the other, have been petitioning and remonstrating against it, apprehending they have constitutionally an exclusive right of taxing themselves, and that without such a right their condition would be but little better than slavery.

Possessed of these sentiments, every new measure of Parliament tending to establish and confirm a Tax on them renews and increases their distress; and it is particularly increased by the Act lately made empowering the East-India Company to ship their Tea to America. This Act in a commercial view they think introductive of monopolies and tending to bring on them the extensive evils thence arising; but their great objection to it, is from its being manifestly intended (tho' that intention is not expressed therein) more effectually to secure the payment of the duty on Tea laid by an Act passed in the 7th year of his present Majesty intitled “An Act for granting certain duties in the British Colonies and plantations in America”; which Act in its operation deprives the Colonists of the right above-mentioned (the exclusive right of taxing themselves) which they hold to be so essential an one, that it cannot be taken away or given up without their being degraded or degrading themselves below the character of Men. It not only deprives them of that right, but enacts that the penalties arising from the duties granted by it may be applied “as his Majesty or his successors shall think proper or necessary for defraying the charges of the administration of Justice and the support of the Civil Government within all or any of the said Colonies or Plantations.”

This clause of the Act has already operated in some of the Colonies and in this Colony in particular, with regard to the support of Civil Govern-

ment, and thereby has operated in diminution of its Charter-Rights to the great grief of the good people of it, who have been and still are greatly alarmed by repeated reports that it is to have a further operation with respect to the defraying the charge of the administration of Justice, which would not only be a further diminution of those Rights, but tend in all constitutional Questions, and in many other cases of importance to bias the Judges against the Subject—They humbly rely on the justice and goodness of his Majesty for the restitution and preservation of those rights.

This short state of facts the Board thought necessary to be given to shew the cause of the present great uneasiness which is not confined to this neighbourhood but is general and extensive. The people think their exclusive right of taxing themselves by their Representatives infringed and violated by the act above-mentioned. That the new Act empowering the East India Company to import their Tea into America confirms that violation, and is a new effort not only more effectually to secure the payment of the Tea-duty, but lay a foundation for the enhancing it, and in a like way, if this should succeed, to lay other Taxes on America; that it is in its attendants and consequences ruinous to the liberties and properties of themselves and their posterity; that as their numerous Petitions for relief have been rejected, the said new Act demonstrates an indisposition in Ministry that Parliament should grant them relief; that this is the source of their distress—a distress that borders on despair, and that they know not whete to apply for relief.

These being the sentiments of the people, it is become the indispensable duty of this Board to mention them, that the occasion of the late demands on Mr. Clarke and others, the Agents for the East India Company, and of the consequent disturbances might appear. And we mention them not to justify those disturbances, the authors of which we have advised should be prosecuted but to give a just idea of the state of them.

On this occasion justice impels us to declare that the people of this Town and Province, tho' they have a high sense of Liberty derived from the manners, the example and constitution of the Mother Country, have till the late parliamentary taxations of the Colonies been as free from disturbances as any people whatever.

This representation the Board thought necessary to be made prior to their taking notice of the Petition of the Agents above-mentioned, to the consideration of which they now proceed.

“The Petitioners beg leave to resign themselves and the property committed to their care to his Excellency and the Board as Guardians and Protectors of the People, praying that measures may be directed to for the landing and securing the Tea,” &c.

With regard to the personal protection of the Petitioners, the Board have not been informed that they have applied for it to any of the Justice of the peace, within whose department it is to take cognizance of the case of the Petitioners and all other breaches of the peace, they being vested by Law with all the authority necessary for the protection of his Majesty's Subjects—in the principal instance of abuse, of which they complain, the Board have already advised that the authors of it should be prosecuted according to Law; and they do advise the same in the other instances mentioned in their Petition.

With regard to the Tea committed to the care of the Petitioners, the Board have not authority to take either that or any other merchandise out of their care, and should they do it or give any order or advice concerning it, and a just objection, they apprehend they should make themselves responsible for it.—With respect to the prayer of the Petition “that measures may be directed to for the landing and securing the Tea,” the Board would observe on it, that the duty on the Tea becomes payable and must be paid or secured to be paid on its being landed, And should they direct or advise to any measure for landing it, they would of course advise to a measure for procuring the payment of the duty and therefore be advising to a measure inconsistent with the declared sentiment of both Houses.

To which is added at the Desire of many, an Account of his Exercise of Mind; together with the Conversation the Author had with him, as he walked with him from the Prison to the Gallows. By which, compared with his later Conduct, he may be thought, in Judgment of Charity to have died a penitent Thief.

At a Council held at the House of the honorable William Brattle, Esq; in Cambridge on Tuesday the 21st day of December 1773.

Advised, That the Attorney-General be directed to make diligent inquiry into the offence aforesaid in order to discover the offenders, and that he lay his discoveries before the Grand Jury for his Majesty's Superior Court of Judicature &c. for the County of Suffolk, at their next Term, in order for prosecution.

Attell Thomas Flucker, Sec^r.

New-York, Dec. 16, 1773.

The following Advertisement was handed about this City, viz.

THE members of the association of the Sons of Liberty, are requested to meet at the City Hall, at one o'clock, to-morrow (being Friday) on business of the utmost importance; and every other friend to the liberties and trade of America, are hereby most cordially invited, to meet at the same time and place. The Committee of the Association.

Thursday, New-York, 16th Dec. 1773.

IN pursuance of this advertisement, although the weather was bad, at one o'clock P. M. a very numerous and respectable number of the citizens, met at the city-hall, when Mr. John Lamb, a member of the Association, addressed the meeting, and informed them, that he was desired, by a number of his fellow citizens to communicate to them, that there were several Letters received from the Committee of Correspondence of the town of Boston, and a Letter from Philadelphia, relative to the importation of the East-India Company's tea; which it was desired might be communicated. The letters were accordingly read; and a committee of fifteen gentlemen was chosen to answer those Letters, and to correspond with our sister colonies on the subject of the dutied Tea. The association of the Sons of Liberty was then read.

Mr. Lamb then put the question, whether they agreed to these resolutions: It passed in the affirmative, nem. con.

The Mayor and the Recorder came into the meeting, and informed them that they had a message from government to deliver to the people; and to take their sense upon it. Whereupon it was agreed that the Mayor should deliver the message, which he accordingly did in the words following:

Gentlemen, I have a message from government to deliver to you. The Governor declares that the Tea will be put into the Fort at noon day; and engages his honor that it shall continue there till the Council shall advise it to be delivered out, or till the King's order, or the proprietors order is known; and then the Tea will be delivered out at noon day. Gentlemen, is this satisfactory to you? This was answered with a general No, No, No.

Mr. Lamb then read to the people, the Act of Parliament, that imposes the duty on Tea imported into America, and after making some pertinent remarks on the Commons of Great-Britain's giving, and granting, the property of the Americas; and that the duty was due on the landing of the Tea, put the following question: "Is it then your opinion, Gentlemen, that the Tea should be landed under this circumstance? This was carried

generally in the negative, that there was no call for a division.

Whereas this body is informed, from unquestionable authority, and the letters that have now been read; that the patriotic inhabitants of the city of Philadelphia and the town of Boston have determined, that no Tea, subject to a duty by a British Act of Parliament, for the purpose of raising a revenue in America, should be landed in either of these places.

Resolved, nem. con. That this body highly approve of that spirited and patriotic conduct of our brethren, of the city of Philadelphia and the town of Boston, in support of the common liberties of America. Then the question was put, whether this meeting should be adjourned, till the arrival of the Tea Ship, or be dissolved. It was carried, that the meeting should be adjourned, till the arrival of the Tea ship.

Voted, That these proceedings should be published, and transmitted by the Committee to the other colonies.

N E W - Y O R K, December 23.

By the Ship Renown, Capt. Steele, which arrived Yesterday Morning, from Newcastle on Tyne, but left in two days from Philadelphia, we are informed, that he was a Ship lying at Anchor about ten Miles within Delaware Bay, which his Pilot told him was Capt. Ayres's Ship, with Tea for that Port, from the Honourable East-India Company.

Capt. Steele sailed from the Downs on the 19th of November, in Company with the above Capt. Ayres, the Tea Ship, for New-York, and three Hundred other Vessels.

N E W - Y O R K, December 23.

BY Capt. Hunt, in 4 Days from Charleston, we have an Account that about 290 Chests of Tea were arrived there in a Ship commanded by Capt. Curling, on which the Inhabitants were called together on the 4th Instant; they assembled in such Numbers as to occasion the main Beams of their Exchange to give way. The Meeting was opened with Debates upon the Measures to be taken on this critical Occasion. It was alleged that Tea had ever been spontaneously imported, and the Duty paid; that every Subject had an equal Right to send that Article from the Mother Country into their Province, and therefore it was unreasonable to exclude the Honourable East India Company from the same Privilege. This produced a general Resolution of the Citizens that from that Time no Tea should be permitted to be landed in South-Carolina whilst the Article was subject to a Duty; and also that the Tea, then brought by Capt. Curling, should be peremptorily sent back to England, without being landed. In consequence of which Capt. Curling was preparing to protest against the Consignees, proposed to land the other Goods, to shift the Tea between Decks, and when he had filled the Ship's Hold with Rice, &c. set sail for the Port of London.

Yesterday Night on Express arrived here from Boston, who left it on Friday last, and brings sundry Letters, among which are the following, viz.

GENTLEMEN, Boston, 17th Dec. 1773.

YESTERDAY we had a greater Meeting of the Twenty Miles round, and every Step was taken that was practicable for returning the Tea. The Moment it was known out of Doors, that Mr. Rotch could not obtain a Pass for his Ship, by the Castle, a Number of People huzza'd in the Streets, and in a very little Time, every Ounce of the Tea on board of Capt. Hall, Bruce, and Giffin, was immersed in the Bay, without the least Injury to private Property.

The Spirit of the People on this Occasion surpris'd all Parties, who viewed the Scene.

We conceived it our Duty to afford you the most early Advice of this interesting Event, by Express, which, departing immediately, obliges us to conclude.

P. S. The other Vessel, viz. Captain Loring, belonging to Messrs. Clark, with Fifty-eight Chests, was, by the Act of God, cast on Shore, on the Back of Cape-Cod. By Order of the Committee, &c.

Extract of another Letter.

THE Bearer is chosen by the Committee from a Number of Gentlemen, who offered themselves to carry you this Intelligence. We are in a perfect Jubilee. Not a Tory in the whole Community can find the least Fault with our Proceedings, as they have been lenient and regular to the last. On these Occasions we send you such Gentlemen as can give you thorough and authentic Intelligence, that you may be informed minutely of every thing worth Notice.

The Spirit of the People throughout the Country, is to be described by no Terms in my Power. Their Conduct last Night surpris'd the Admiral and English Gentlemen, who observ'd, that these were not a Mob of disorderly Rabble (as they have been represented) but Men of sense, Coolness and Intrepidity.

I am oblig'd to conclude abruptly, wishing my beloved Countrymen in New-York, may be as resolute and successful as have been the brave Bostonians, who in spirit of Opposition and Calumny, are an Honour to mankind. — I am, &c.

A Number of Mauhawks at Cape Cod, will take Care of any Tea, that may escape the Wreck of Captain Loring's Vessel."

From Rivington's New-York Gazetteer of Thursday last. We have inexpressible Satisfaction in acquainting our Readers, that it is determined, on the Arrival of the Ship Nancy, Capt. Lockyer, with the Tea from the Honourable East-India Company, the Commanders will be made acquainted with the Sentiments of the Inhabitants respecting the shipping that Article, which will indubitably occasion his Return with it in statu quo, to England, and that he will be provided with every necessary, every Fatality, both to this Colony and the Honourable Company, will be most happily prevented, and a Succession of that blessed Tranquillity, which we enjoy under the present wise and serene Administration, will be secured.

B O S T O N, December 30.

The Express that went from hence the Friday Afternoon after the Destruction of the Tea, arrived at New-York the Tuesday following, and returned back last Monday Evening, performing his Journey in a shorter Time than could be expected at this season of the Year. We learn, That when the Inhabitants of that City received the Intelligence, they were in high Spirits, and vast Numbers of the People collected, one and all declaring that the Ship with the Tea on board designed for that Port, should on her Arrival, be sent back, or the Tea destroyed; That they highly extolled the Bostonians for what the People had done here; and immediately forwarded the Account to Philadelphia.

Our Informant left the City after the Papers were printed, which contained the foregoing Articles under the New-York Head, and adds further that the Tea-Ship was not then arrived—That Capt. Ayrcough went to the Coffee-House that Day, and said, he had dined with the Governor, and declared before a great Number of Merchants, that as soon as the Tea-Ship arrived at the Hook, he should go down and supply her with what Necessaries the might be in Want of for her Passage back, and inform the Captain of the Resolutions of the People.

On Tuesday Morning early the Bells in this Town were set to ringing on receiving the above Intelligence.

Yesterday Capt. Wellman in a Snow sailed for London. The said Vessel lately put in here to rest, having sprung a Leak on her Passage from the Eastward. Saturday next the Brig Lydia, Capt. Adam Winthrop sails for London.

Last Thanksgiving-Day Evening were married at Weifield, Mr. Joseph Dewey to Miss Hannah Phelps, a Virgin of 21.—What is remarkable in this Match is, that the Bride was Sister to the Bridegroom's Son's Wife; so that by this Marriage the Father is become Brother to his Son and the Bride is become Mother to her Sister.

Mr. Andrew Cunningham Hatter, died Yesterday in the 53th Year of his Age.—A Gentleman well esteemed as an honest worthy Citizen.—His Funeral is to be on Saturday next when the Friends and Acquaintance of the Deceased are desired to attend.

DIED! In the 21st Year of her Age, Mrs. Ruth Sinclair, Widow of the late Capt. Peter Sinclair, and eldest Daughter of Mr. Joseph Bradford of this Town Shop-keeper.—She was of a friendly and charitable Disposition, especially in Sickness & Distress; industrious in Business; affable in Company; virtuous in Life; a good Neighbour, and an honest Woman. Her Death is justly lamented. Died in the 34th Year of his Age, Mr. Timothy Kueceland, Painter.

From New-Haven we have the melancholy News of the sudden Death of Mrs. ABIGAIL BABCOCK, Wife of Mr. ADAM BABCOCK, Merchant in that Place.—A Lady in whom was united every external Accomplishment with the amiable graces of the Mind, and the ornament of unaffected Piety; whose Life and Character was a striking proof, that true Religion can give Beauty an higher charm, and add new Dignity to the elegance of Manners.—Her death which happened on the 16th of December, after a short and painful Illness, will be the more affecting to her numerous Acquaintance in this Town, as it is but a few Weeks since she was here on a Visit.

At a legal and very full Meeting, of the Freeholders, and other Inhabitants of the Town of Charlestown December 28, 1773.

The following Votes were Unanimously pass'd.

- 1. CONSIDERING the Advantages that will result to this Community (in every Point of Light) from the Disuse of India Tea; We will not by ourselves, or any from or under us, buy or sell, or suffer to be us'd in our Families, any such Tea, till the British Act of Parliament, imposing a Duty on the same shall be repealed. 2. That a Committee be chosen to collect from all the Inhabitants of this Town, all the Tea they may have by them; and that such Persons, as shall deliver up the same to said Committee, be paid by the Town the Price they sell them. And that the Tea so collected, be destroyed by Fire, on Friday next at Noon-Day, in the Market; 3. That Messrs. Isaiah Eddy, Samuel Gowan, Jarrid Call, Benjamin Hurd, Samuel Wait, Battray Power, Joseph David Wood, jun. be the Committee for the Purpose above-mentioned. 4. That the above named Persons, be a Committee of Inspection, to see that all the foregoing Votes be fully complied with. 5. That if any of the Inhabitants of this Town do any thing to counteract, or render inefficient the foregoing Votes, they are not only inimical to our Liberty of America in general, but also show a great Disrespect to this Town in particular. 6. That the Committee of Correspondence, for this Town confer with the Committee of Correspondence for the Town of Boston, and desire their Instructions that similar Measures may be taken in their Town. 7. That the above Proceedings of this Town be published in the News-Papers. A Copy.
