

## Gun Control Makeup Work Instructions

Because you were not able to be here during the debate, you might want to "make up work" in order for you to achieve a higher grade.

The following is that makeup work:

Our proposition is: Congress should keep American Civilians from owning assault weapons.

You have seen, heard, read, and researched the arguments for and against assault weapons.

I want your **personal opinion** (it doesn't matter on which side you were placed on the debate) on **one** of these three questions:

A. Should the United States ban civilians from owning assault weapons?

B. Should any civilian in the United States be able to possess an assault weapon?

C. Is there a compromise, or common sense gun safety legislation that you would like to see put into law?

Your answer should be in the five paragraph essay format.

You need to take a position, and back it up with evidence.

I have attached the Writing Rubric and the Five Paragraph Essay template, and a sample.

Your essay is due by Thursday, October 21<sup>st</sup>.
